

“Our full measure is found not in ourselves but in the colors and textures we help bring alive in others.”
- Dr. Albert Schweitzer

Through the Schweitzer Fellowship, 30 graduate students from a wide variety of health professional and public service fields will design and lead innovative projects to help Chicago’s underserved communities improve their health and well-being.

Schweitzer Fellows will:

- Provide 200 hours of direct service
- Receive a \$2,500 stipend
- Receive the guidance of mentors
- Develop program planning and leadership skills
- Join a multidisciplinary network of like-minded change agents

Learn about the Schweitzer Fellowship and how to apply
